

June 2018

Message from the Board

Summer camping season is upon us and Camp La Verne is ready!! We have several exciting camps and projects on the schedule.

Our annual Work Camp to open the facilities is scheduled for June 2nd. We are gathering the supplies and labor to remove shingles and replace the shake roofing on the wing of the manager's cabin. We hope to complete it during the weekend. It will be exciting to have the project completed and the Manager's House upgraded.

Our summer camp directors, with over 75 years of experience between them, have exciting weeks of camp planned. The lake is scheduled to be open for canoeing, hiking trails are being scouted, and scavenger hunts planned. And it will be great to have the kitchen back open for business.

We are also renting the facility to several school ASB groups, the ULV football team, and a wilderness survival group—opening the beautiful facilities to a variety of people to enjoy.

We are working hard to provide a safe and fun outdoor experience for our community, whether through our Brethren sponsored camps or rental groups who enjoy our facilities.

We appreciate any support-be it volunteer, donations, or prayers-you are able to provide.

Work Camp

We are kicking off the summer with a work camp on Saturday, June 2nd. We have arranged for the Los Osos Varsity football team to help us with general fire safety clean up, trail repair, and wood splitting. We need additional volunteers to help with general repairs, supervise tasks, painting, kitchen cleanup, meal prep, etc.

It's exciting to have a large group of people ready to get camp into shape for the summer.

With this group we will be able to ensure that camp is ready to go for our summer programs and rental groups. The more the merrier, so sign up today.

Work begins at 8:00 am. We will have plenty of equipment to keep you busy for the day, but you may need to bring your own work gloves and Icy Hot!!

Camp La Verne, Maker of Dreams

Junior Camp (Entering Grades 3-6)

Janet Hart Short will be leading our Junior Camp (June 17-23) for the 17th consecutive year. Janet brings years of experience and love to our youngest campers introducing them to the calm and beauty that is Camp La Verne. Campers will have opportunities to canoe and kayak on Jenks Lake, create memorable crafts, experience nature on the day hike along the stream, learn about nature with scavenger hunts, and reflect on creation while enjoying a week in the great outdoors. Janet creates a loving and rich community that children remember for years to come.

Junior High Camp (Entering Grades 6-9) July 8-14

Ben Sankey and Chris Davis are again co-directing this year's Junior High Camp. Camp will be held in early July (July 8-14). We are looking forward to creating an easy going and fun filled experience this year. In the past, we have not only enjoyed ourselves with activities such as canoeing, hiking, capture the flag, and scavenger hunts, but also used the beautiful setting to create an environment for self-reflection

with opportunities to journal, reflect with peers, and experience the natural beauty of camp. Escaping the high speed movement of our everyday lives, we try to disconnect from our norms and reconnect with the slow pace of nature. We look forward to seeing familiar faces and meeting new ones during this upcoming summer!

Senior High Camp (Entering Grades 9-13) June 24-30

Brother-Sister duo, Kevin Schatz and Erica Brown, will be returning this summer to direct Senior High Camp! This year, camp will be held at the end of June; starting the 24th and ending on the 30th. Campers can expect the same amount of fun and activities despite its earlier date. A short hike from camp leads to Jenks Lake, where you'll be able to float in canoes and kayaks on the water and take in the beautiful sounds of nature along with the occasional, raucous yell of, "Contact!" echoing off the mountains. (If you don't know how to play Contact, you definitely will by the end of the week.) Also, it wouldn't be Senior High Camp without the annual sKEVINger Hunt that sends campers moderately walking all over camp's grounds to complete challenges and collect clues. As always, Mr. Bob will expertly fit campers with framed backpacks and prepare everyone for an overnight hike that he will lead through the wilderness so that campers can sleep out under the stars! Make sure your registration is in by June 8th. This will be a week you won't want to miss!
